Ahora que celebramos el 50 cumpleaños de NAVARRO AZORÍN y vemos la necesidad de recopilar en un catálogo los principales artículos que fabricamos somos conscientes del largo periodo de aprendizaje por el que hemos transitado.

Y es que si por algo se distingue NA es por haber sabido escuchar tanto a los mercados como a sus clientes. De este modo, con el paso de los años, además de una clientela fiel, hemos logrado tener una posición respetable entre los fabricantes del sector.

Now that we celebrate the 50th birthday of NAVARRO AZORÍN and we need to compile into a catalogue the main items that we produce, we are aware of the long learning period through which we have traveled.

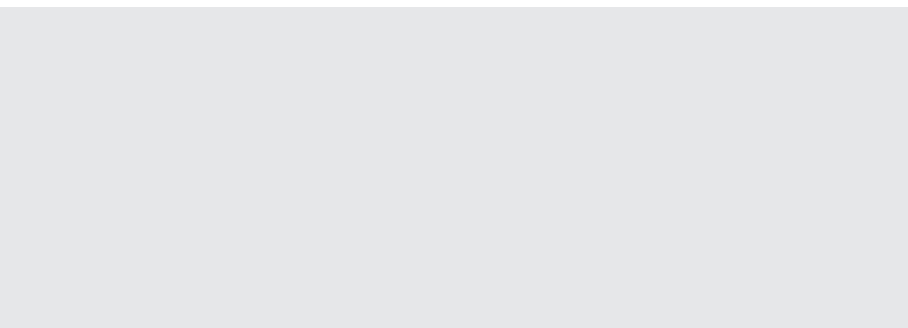

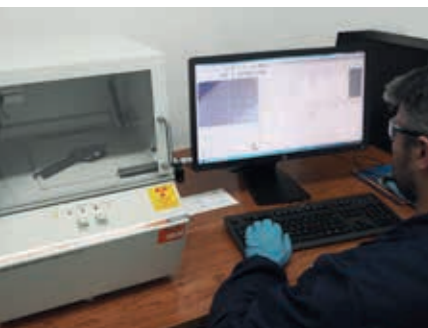

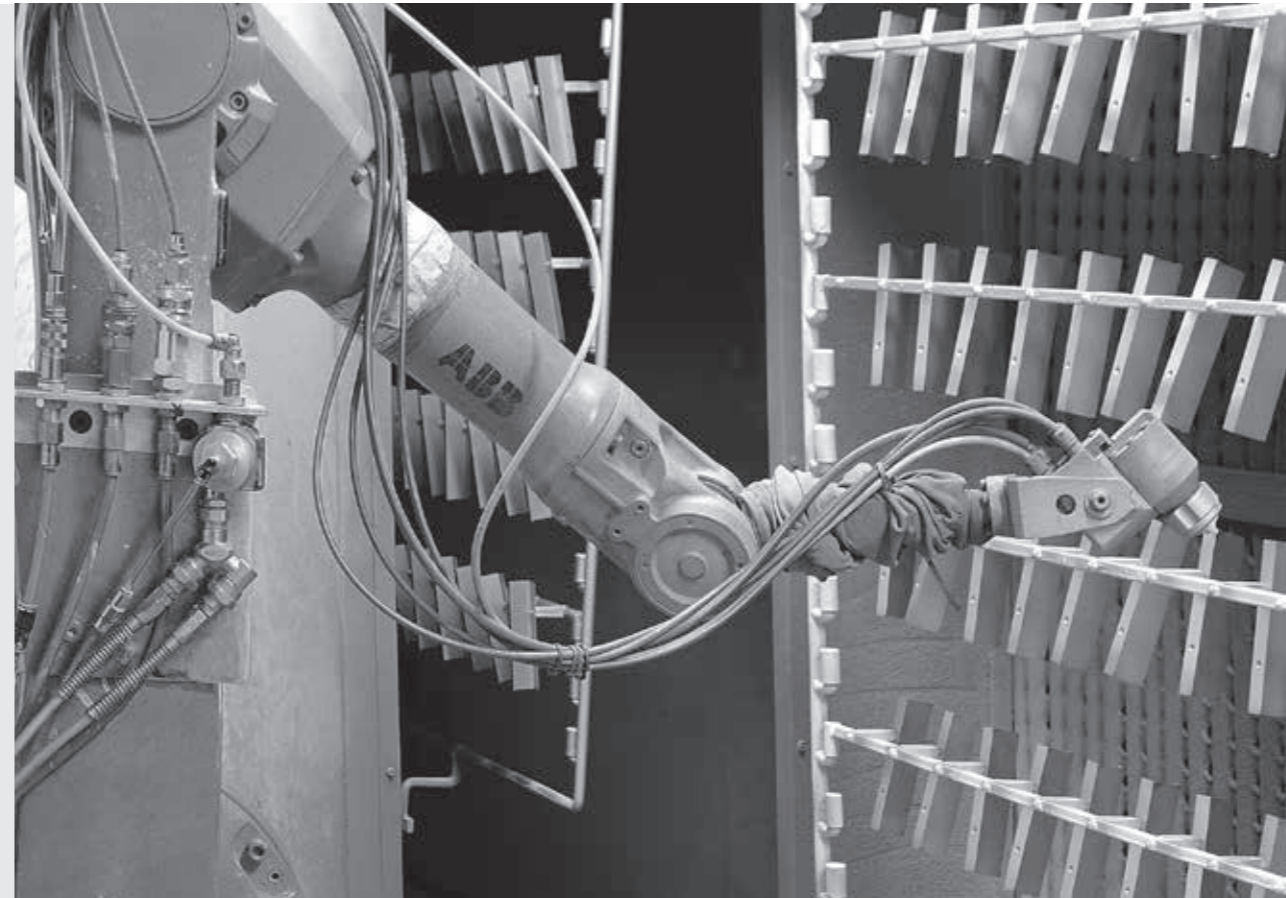

The fact is that if there is something where NA is distinguished, it is for having been able to hear to both the markets and our customers. Thus, over the years, along with a loyal clientele, we have gained a respectable position among the manufacturers in our industry.

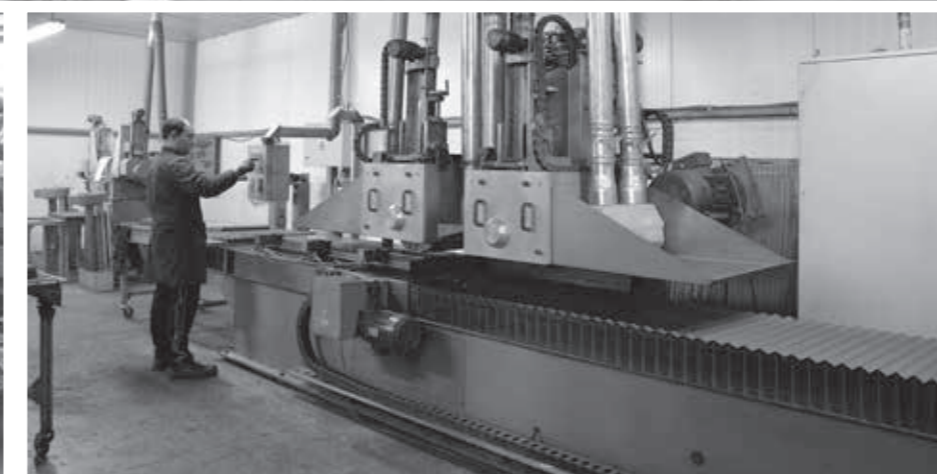

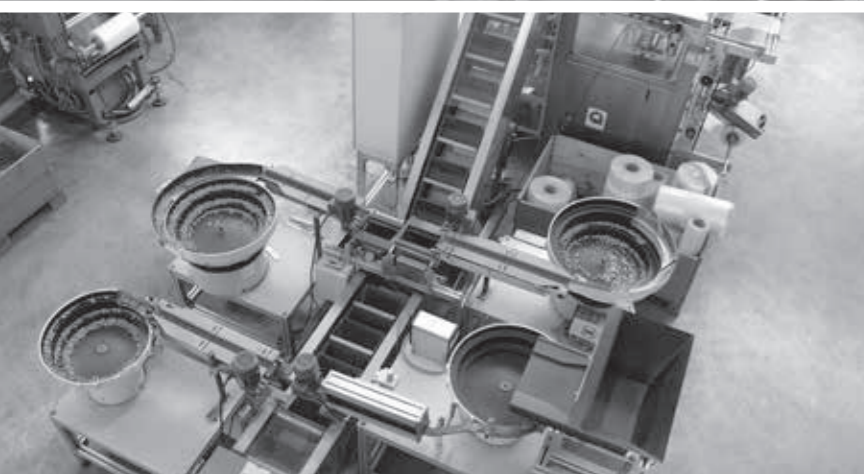

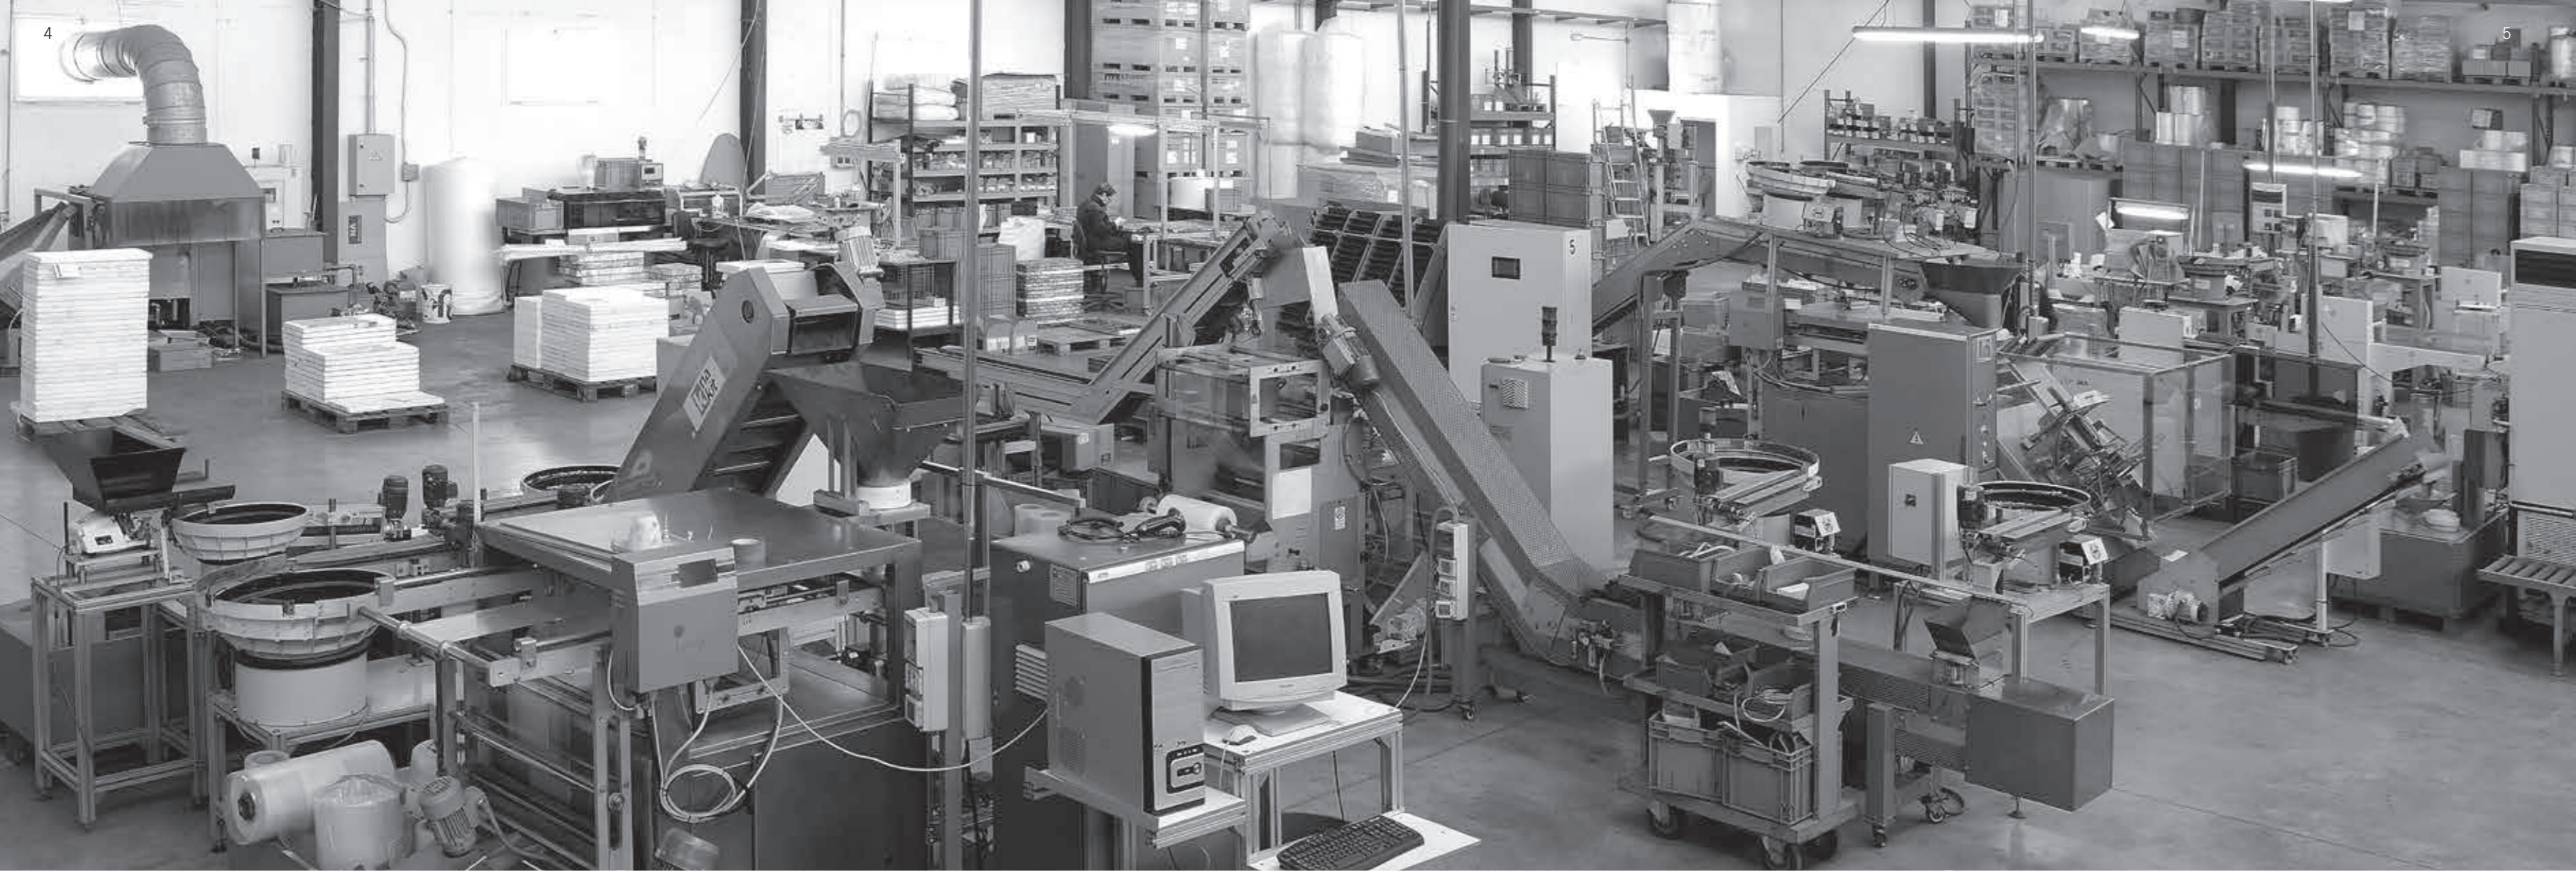

Maintenant que nous fêtons le 50e anniversaire de NAVARRO AZORÍN, et alors que nous imprimons un catalogue de nos principaux produits, nous mesurons la longue période d'apprentissage parcourue.

Navarro Azorín se distingue par le fait d'être à l'écoute à la fois du marché du meuble et de ses clients. Ainsi, au fil des ans, nous avons acquis une clientèle fidèle et une position respectable parmi les fabricants.
